"When the stone becomes the Jewell"

Second Visit of the COMENIUS TRAVELLING EXHIBITION

Second Visit of the COMENIUS TRAVELLING EXHIBITION

Description of the second visit of the Comenius Travelling Exhibition...

Where was the visit?

When took place?

How many students have participated?

The second visit of the Comenius Travelling Exhibition, for a group of three students and one professor of our Institute (I.I.E.K. "MOKUME" of THESSALONIKI), took place in Antwerpen, Belgium, from the 12th to 16th of February 2009.

The delegation of our Institute had the possibility to be present to the inauguration of the exhibition the 12th of February.

Also, our delegation had the possibility to visit the Siha Stedelijk Instituut Voor Handel En Ambachten in Antwerpen, the days of 13th and 14th of February 2009, having an interesting dialogue with students and professors about the programs of studies in jewellery and having an interesting exchanging of experiences.

Also, our delegation, guiding by two professors of the Siha Stedelijk Instituut Voor Handel En Ambachten, had the opportunity to visit the area with shops exhibiting stones in Antwerpen and to get some rough diamonds in order to use them for the creation of jewels for the Comenius Travelling Exhibition of the years 2009-2010.
